

Di Bruno Bros.' leadership team is fully committed to the continuous and thorough training of staff, enforcing the proper procedures, and ensuring that our vendor partners and guests have the fullest confidence in our safety measures.

OUR EFFORTS TO MITIGATE RISK DUE TO COVID-19

Hand Washing

- Hand sanitizer stations are located at multiple locations in an event space.
- Frequent and thorough hand washing is required.

Masks & Safety

- Staff are equipped with mask and gloves.
- Sneeze guards at food & drink stations.
- All food stations are staffed, no self-serve.
- We follow all guidelines provided by local and state officials.

Social Distancing

- Our delivery menu is always available and does not require staff attendance.
- We offer full service events with many menu options from individual meals to small, family-style service.

Cleaning

- High-contact surfaces regularly sanitized at events.
- Event space is thoroughly cleaned before and after any event.

Prevention Measures at our Commissary

- We comply with all local and state guidelines for food establishments with respect to food handling, proper hygiene, sanitization, and employee health.
- Face masks and social distancing are required throughout the facility.
- All food contact surfaces are sanitized regularly. Our commissary building is treated weekly with a sanitizing mist.
- Dishware, flatware, glassware and other items are washed in our commercial dishwasher with a sanitizer step. Items that are handwashed are sanitized in a 3-compartment sink, using quaternary ammonia.
- Employees that are not feeling well stay home. Any employees who get sick at work are sent home. Employees who are sick more than 3 days can only return with clearance from a physician.
- Employee work stations are spaced 6' apart and all employees are required to wear face masks throughout their shift.
- Public health communications about COVID-19 recommendations are monitored and CDC pamphlets of safety measures are posted around the facility.
- Employees must self-monitor for signs and symptoms of COVID-19 if they suspect possible exposure.
- We provide telemedicine services to all employees regardless of insurance.
